

JAN 3 1956

MEMORANDUM FOR: Legislative Counsel

SUBJECT: Draft Bill, "Foreign Employees' Personnel Act of 1956"

1. While the draft bill contains many favorable features, it would seem that this omnibus type of bill would provide a suitable vehicle for [redacted] other than their countries of residence or recruitment. It is suggested that this bill be extended to cover this category of local employees.

STAT

2. Section 4(b) should clarify whether or not the dependents of classified employees may be employed as local employees.

3. Under Section 12(d), the explanation contains a parenthetical statement which prohibits the payment of per diem. It would seem that per diem should be paid while in a travel status to and from the point at which home leave is to be taken.

STAT

[redacted]
Deputy Assistant Director for Operations
